

BEFORE THE WEST VIRGINIA BOARD OF VETERINARY MEDICINE

WEST VIRGINIA BOARD OF  
VETERINARY MEDICINE,

COMPLAINANT,

v.

CASE NO. 1217D

MICA PARTRIDGE, DVM,  
VETERINARIAN LICENSE NO. 14-2011,

RESPONDENT.

**CONSENT AGREEMENT AND ORDER**

After due investigation of allegations received in a written complaint, the West Virginia Board of Veterinary Medicine ("Board") determined there was probable cause to believe that Respondent, Mica Partridge, DVM ("Dr. Partridge"), exhibited unprofessional conduct in the practice of veterinary medicine in violation of certain provisions of W. Va. Code §§ 30-10-1 *et seq.* and W. Va. Code R. §§ 26-1-1 *et seq.* The Board gave Dr. Partridge written notice of the allegations against her and the opportunity to request an administrative hearing under the rules of the Board and the laws of this State. Rather than proceeding to an administrative hearing, the parties have agreed to the entry of the following *Consent Agreement and Order* to resolve and dispose of this matter.

**FINDINGS OF FACT**

The Board adopts the following factual findings:

1. Dr. Partridge is a licensee of the Board, holding License No. 14-2011, and at all times relevant hereto, practiced veterinary medicine at Cheat Lake Animal Hospital in Morgantown, West Virginia.

2. The Board received a written complaint, dated December 5, 2017, from Linda Sollish ("Ms. Sollish") regarding the veterinary care that her seven-year-old male cat, Tommy, received from Dr. Partridge and others at Cheat Lake Animal Hospital on September 18-20, 2017.

3. Ms. Sollish's complaint alleges that, on September 18, 2017, she presented Tommy to Cheat Lake Animal Hospital due to a "bleeding rodent ulcer." The medical records attached to the complaint indicate that Tommy had a "large rodent ulcer right rostral maxillary lip" and a "grade 4/6 parasternal systolic murmur." Tommy underwent lab work, was administered medicine, and then released with instructions to return in one week. At home, however, Tommy continued to exhibit bleeding from the ulcer in his mouth.

4. Ms. Sollish returned to Cheat Lake Animal Hospital with Tommy at approximately 10:00 pm on September 18, 2017. Ms. Sollish was informed that one of Tommy's teeth was rubbing against the ulcer, causing it to bleed, and that the tooth needed to be extracted. Ms. Sollish then left Tommy at the hospital for observation, and the extraction was conducted on the evening of September 19, 2017. Tommy suffered complications following the extraction surgery, which ultimately led to his death in the early morning hours of September 20, 2017. Ms. Sollish claims that she requested Tommy receive a blood transfusion following the surgery, because "his blood was down to 8%."

5. Dr. Partridge responded to Ms. Sollish's complaint by letter dated December 14, 2017, with certain of Tommy's medical records enclosed. Dr. Partridge claims that her involvement in Tommy's care was minimal. She first saw Tommy on the morning of September 18, 2017, at which time she "was told that he had been diagnosed with a heavy flea burden, dermatitis and a rodent ulcer that was causing some oral bleeding." Tommy's lab work

showed that his HCT was 22% (spun PCV 20%) and that his globulin count and BUN levels were mildly elevated. Dr. Partridge's examination of Tommy revealed that his lip lesion was sore with minimal bleeding.

6. Dr. Partridge next saw Tommy on the morning of September 19, 2017, at which time she was told by the "overnight doctor" that Tommy's tooth was rubbing on the ulcer, causing bleeding and discomfort, and that extraction of the tooth had been recommended. This same doctor asked Dr. Partridge to "arrange for Tommy to have a dental performed by the doctor on surgery duty that day." Dr. Partridge spoke with Ms. Sollish on the morning of September 19, and again several hours later, regarding the surgery and the scheduling thereof. When Dr. Partridge left the hospital on the evening of September 19, Tommy was being induced for surgery.

7. The Board's Complaint Committee reviewed Ms. Sollish's complaint, Dr. Partridge's response, and the medical records and other documents submitted with both. Certain members of the Board also held an informal conference with Dr. Partridge on September 7, 2018.

8. Upon recommendation of the Complaint Committee, after reviewing the aforementioned complaint, response, and accompanying documents and conducting the aforementioned informal conference, the Board found deficiencies in the following areas of Dr. Partridge's care of Tommy and determined there was probable cause to believe that Dr. Partridge violated the following sections of the West Virginia Code of State Rules and, in turn, W. Va. Code § 30-10-19(g)(3):

- a. Communication between those treating a patient, continuity of care, and recordkeeping regarding the same, in violation of W. Va. Code R. §§ 26-1-9.1.e, 26-4-3.10, 26-4-5.1.a, 26-4-5.2.a, and 26-4-5.3.c; and
- b. Standard of care provided, specifically (1) ordering an elective procedure (tooth extraction) on an anemic animal with active bleeding and (2) failing to further investigate the cause of reported heart murmur, in violation of W. Va. Code R. §§ 26-1-9.1.e, 26-4-3.10, 26-4-5.1.a, and 26-4-5.1.b.

9. The Board issued a *Complaint and Statement of Charges* informing Dr. Partridge that it had found the existence of probable cause at its April 12, 2018 Board meeting.

#### CONCLUSIONS OF LAW

1. Dr. Partridge is a licensee of the Board, holding License No. 14-2011, and is therefore subject to the license requirements of the Board.
2. The Board is a state entity created and governed by W. Va. Code §§ 30-10-1 *et seq.*, and is empowered to regulate the practice of veterinary medicine in the State of West Virginia.
3. In order to carry out its regulatory duties, the Board may suspend, revoke, or otherwise discipline an individual's license to practice veterinary medicine under the authority granted to it by W. Va. Code §§ 30-10-5 and 30-10-19 and W. Va. Code R. §§ 26-1-9 and 26-2-1 to 26-2-6.
4. Dr. Partridge was notified of the allegations against her pursuant to the rules of the Board and the laws of this State.

5. The conduct described in the above *Findings of Fact* would, if proven, constitute violations of W. Va. Code § 30-10-19 and W. Va. Code R. §§ 26-1-9, 26-4-3, and 26-4-5. Such conduct is therefore grounds for disciplinary action.
