3.10.7. The hearing shall be held at such time and place as is designated by the Board, but no hearing shall be conducted unless and until at least 30 days written notice thereof has been served upon the charged or demanding party and/or his or her attorney in person; or if he or she cannot be found, by delivering such notice at his or her usual place of abode, and giving written information of its purport, to his wife or her husband, or to any other person found there who is identified or identifies them self as a member of his or her family and above the age of 16 years; or if neither his wife or her husband nor any such person can be found there, and he or she cannot be found, by leaving such notice posted at the front door of such place of abode; or if he or she does not reside in this state, such notice may be served by the publication thereof once a week for three successive weeks in a newspaper published in this state; or such notice may be served by registered or certified mail.

Motions for continuance must be in writing and received in the office of the Board no later than 7 days before the hearing date. In determining whether good cause exists, consideration will be given by the Board to the ability of the party requesting the continuance to proceed effectively without a continuance. A motion for a continuance filed less than 7 days from the hearing date shall be denied unless the Board finds that the reason for the motion could not have been ascertained earlier. Motions for continuance filed prior to the date of the hearing shall be ruled on by the chair or executive director of the Board. All other motions after motions for continuance shall be ruled on by the Board member(s) who serve on the hearing committee or the member presiding over the hearing.

Original documents must be maintained for a period of two years following renewal. The Board shall conduct a random yearly audit to determine compliance. A registrant selected for the audit shall provide all supporting documentation within 20 days of receiving notification of the audit.

7.5.2.a. If registrant is non-compliant to the continuing education audit, the Board will initiate a complaint against the registrant and the registrant will be audited again the following year.

The Board shall only consider hardship extensions from registrants who the Board determines were prevented from completing the required continuing education hours within the year due to verified medical emergencies or military obligations beyond the registrant's control. Requests for a hardship extension must be received in the Board's office by December 15.

7.8. If an extension is granted by the Board for completion of approved continuing education hours, the registrant shall file the renewal application with the renewal fee. The Board shall renew the registration contingent upon the registrant completing the mandatory continuing education within a period determined by the Board from the current year's expiration date of December 31.

7.9. When a hardship registration is issued, the renewal registration shall be valid for the period required to complete the mandatory continuing education and shall be extended to December 31 upon receipt of acceptable documentation of completion of the required continuing education. The continuing education hours completed during the extension period may not be applied toward satisfaction of continuing education in the year completed and shall be separate from continuing education requirements for current year renewals.

7.10. A registered veterinary technician issued a hardship extension for completion of continuing education shall submit documentation of completion prior to the end of the Board approved extension period. Continued practice past the authorized extension period without a written renewal certificate from the Board constitutes the practice of veterinary technology without a registration.

7.11. By December 31 of each year, the registrant shall certify on the renewal application that he or she has successfully completed the continuing education requirement for that calendar year. It is the responsibility of the registrant to maintain evidence of meeting the continuing education requirements for registration renewal for random audit by the Board.

7.12. Upon receipt of the completed renewal application and fee, the Board shall issue a renewal registration.

7.13. A Registration issued by the Board shall be posted in a place conspicuous to the public at the establishment where veterinary technology is being provided.

7.14. A registrant shall notify the Board in writing or online of any change of address, conviction of a misdemeanor or felony, and/or disciplinary action by another federal or state agency no later than 30 days from the action.

10.2. The purpose of the criminal history record check is to assist the Board in obtaining information that may relate to the applicant's fitness for registration.

10.3. In addition to the State Police, the Board may contract with and designate a company specializing in the services required by this section instead of requiring the applicant to apply directly to the West Virginia State Police or similar out-of-state agency for the criminal history records checks. Provided, that any such company must utilize protocols consistent with standards established by the Federal Bureau of Investigation and the National Crime Prevention and Privacy Compact.

10.7. The applicant shall authorize the release of all records, not sealed, obtained by the criminal history record check to the Board. Criminal history record checks shall be verified by a source acceptable to the Board, other than the applicant.

10.9. An initial registration application is not complete until the Board receives the results of a state and a national criminal history record check conducted by the State Police or another entity duly authorized by the Board. The Board shall not grant an application for registration submitted by any applicant who fails or refuses to submit the criminal history record check required by this section.

10.10. The Board may not disqualify an applicant from initial registration because of a prior criminal conviction unless that conviction bears a rational nexus to the practice of veterinary technology. The Board shall consider at a minimum:

10.10.1. The nature and seriousness of the crime;

10.10.2. The passage of time since the commission of the crime;

10.10.3. The relationship of the crime to the ability, capacity, and fitness required to perform the duties and discharge the responsibilities attendant to the practice of veterinary technology; and

§26-4-11. Non-Typical Emergency and Disaster Situations

11.1. In the event of a natural disaster or local malfunction of utilities, veterinary practices may temporarily operate their businesses outside of these standards of practice if the veterinarian makes amends to alleviate as much as possible the problems associated with the temporary loss of facilities, utilities, or transportation. All efforts are directed to keep patients safe while continuing to provide needed veterinary and lifesaving services. Every effort will be made by the practice owner to bring the facility into full compliance with the standards of practice as quickly as possible.

§26-5-6. Certified Animal Euthanasia Technician Registration Renewal.

6.1. The Board shall notify each certified animal euthanasia technician that his or her certification will expire on December 31 but failure to receive the notification does not exempt a certificate holder from meeting the requirements of this rule.

A certified animal euthanasia technician who desires to continue to be certified shall, starting October 1 through December 31 of each year, renew his or her certification by completing the required certification renewal, paying the annual renewal fee as specified in the Schedule of Fees, and certify to the Board that he or she has completed all continuing education requirements.
